9th Belgian-Dutch Gravitational Waves Meeting

Friday, 18 June 2021

Contributed talks (09:00 - 10:20)

-Conveners: Tanja Hinderer

time	[id] title	presenter
09:00	[15] Ringing of black holes in higher-derivative gravity	CANO
09:20	[16] Nonlinear curvature effects in gravitational waves from black hole binaries	SHIRALILOU
09:40	[17] Ultralight bosons around black holes with numerical relativity	WERNERSSON
10:00	[18] Love number ambiguities	CRECI
