

23rd Symposium on Astroparticle Physics in the Netherlands, 22/23 March 2018, Driebergen

Thursday, March 22, 2018 - Friday, March 23, 2018

Scientific Program

Invited speakers:

Christian Weinheimer

Searching for hot and cold dark matter

Elisabetta Bissaldi

The Fermi view of Gamma-Ray Bursts at the dawn of the Multi-Messenger Era

Hsin-Yu Chen

GW170817 discovery and gravitational-wave precision cosmology

Imre Bartos

The Road(blocks) Ahead of Multimessenger Astrophysics Following LIGO's Recent Discoveries
