

KM3NeT Nikhef Group Outing May 31st, June 1st

Hotel Mooirivier
Oude Oever 10
Dalfsen

All group members invited

Including bachelor/master students, but you have to give a talk!

Depending in group size, some room sharing may be involved

Proposed program: start Thursday 11 am
lunch 1-2 pm
session 2-4 pm
sportive activity after 4 pm, drinks, dinner
start Friday 9 am, continue until lunch
possibly staff meeting after lunch

Volunteers needed to define sportive activity (suggestions from hotel)

Talk expected from everyone: where are we now, what is needed to:

- effectively construct the detector
- commission it
- measure neutrino oscillations and mass hierarchy
- measure the cosmic neutrino flux and find sources
