

RONALD STARINK

SUMMARY CT WORKSHOP TECHNICAL COMPETENCES

Nikhef Staff meeting
2019-02-14

NEEDED COMPETENCES

- SCADA, data acquisition, controls
 - Successor RobertH (2019)
 - Successor HenkB (202x)
- GPU / parallel programming
- Support @ edge science-technology
 - Instead of postdoc / keep postdoc?
 - Formation...
- Skills *between* CT / ET / MT
 - May take time to develop

ORGANIZATION

- CT software engineering “important”
 - Group size \geq critical mass
 - Often forgotten, (too) late involved
 - OIO / postdoc
 - Long term support? Quality?
- CT + ET engineers closer together
- Invest:
 - Collaborative tools
 - Modern sw. eng. tools / processes, “soft skills”
