Nikhef

49ᵗʰ EUGridPMA
GN4 EnCo and EOSChub ISM
virtual meeting

enabling communities through trust …
… at a distance

49 EUGridPMA+ meetings - from Firenze to Virtual ...

But we've done 'almost-virtual' meetings before

Shorter, yet stronger

While we appreciate the perseverance of all who habitually join remotely:

- this meeting will be shorter, with afternoon sessions only
which means you can do your email processing in the morning …

- shorter, but more frequent breaks
the great break and lunch discussions I will miss most

- the value of the meeting is in discussion and exchanging ideas
let it not be a series of presentations, but raise your (virtual) hand, engage, comment, engage in violent agreement, add or shorten, &c

- during dinner this evening, with your $FAVOURITE_BEVERAGE
think about the future in-person trust building opportunities!

Today - Wednesday 13, 13:30 - 16:30

13.30   Welcome from local host, agenda, minutes, note taker, introductions

13.40   APGridPMA: developments in the Asia Pacific region (Eric Yen)

Jens' Soapbox

AAOPS Guidelines G048 – feedback from the infrastructures (DavidG, all)

Assurance: Making Identity Assurance and Authentication Strength Work (Jule)

Logistics

- Upload presentations to the agenda page
  https://eugridpma.org/agenda/49
- Go to management mode, and enter the password you know

- Upload your materials there

During the session

- Please share your screen or presentation-application if you're speaking or discussing a document

- Powerpoint for Windows: use "Reading view" to keep sharing the right window
  (Mac and 365web-only users are out of luck)

- Adobe Acrobat: view file in "Read-mode" (Ctrl-H) to keep sharing the right window

- Please mute when you're not speaking
