

DU2 Calibration

Quickly made plots & results

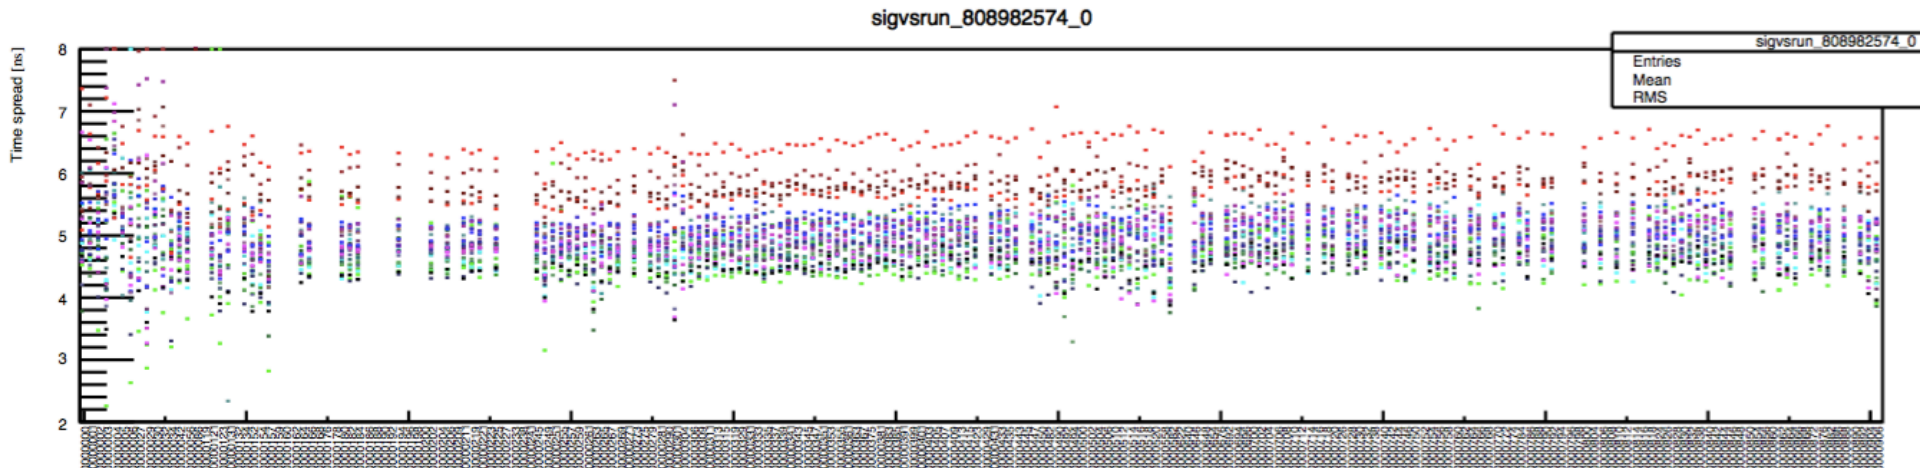

Inter-PMT: Time offset vs run

Inter-PMT: Det. eff. Vs run

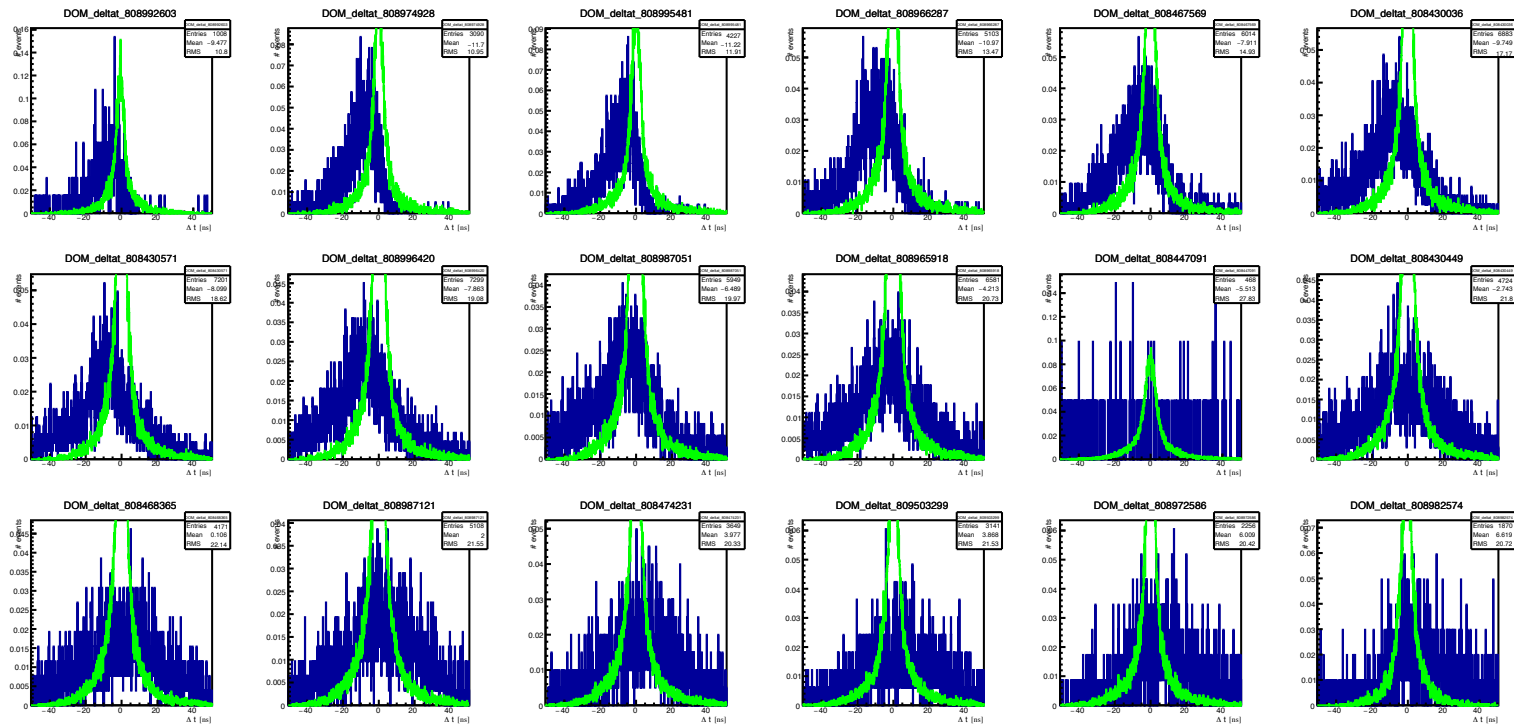

Inter-PMT: Time spread vs run

Inter-DOM: Principle

- Reconstruct all events
- Compare time residual plots with MC model
- Tune the DOM time-offsets a bit
- Repeat until convergence.

Inter-DOM: DOM time residual plots

MC
Data

Conclusions:

- Inter-PMT calibration:
 - Stable and finished
- Inter-DOM calibration:
 - Principle seems to work
 - Still some work to do
