

# 9th Belgian-Dutch Gravitational Waves Meeting

## Friday, June 18, 2021

### Contributed talks (3:40 PM - 5:00 PM)

-Conveners: Joeri van Leeuwen

time	[id] title	presenter
3:40 PM	[19] Gravitational wave memory effects in GR and beyond	SERAJ
4:00 PM	[20] A search for radio emission from double-neutron star merger GW190425 using Apertif	BOERSMA
4:20 PM	[21] GLADE+: An Extended Galaxy Catalog for Multimessenger Searches with Advanced Gravitational-wave Detectors	DALYA
4:40 PM	[22] Statistical investigation on the spatial correlation between GW detections and AGNs	VERONESI
