55th EUGridPMA, IGTF, GN4 EnCo and EOSChub ISM Amsterdam meeting

*enabling communities through trust ...
... close by again ... and at a distance*

Great to be in person again!

- Thanks to Jule Ziegler and LRZ

- but ... it can also get very heated (next door) ...

Shorter, yet stronger

While we appreciate the perseverance of all who habitually join remotely:

- **this meeting will be both talks and work**
the coffee and lunch breaks here allow to you process email at home ...
- **although many of you are still remote ...**
let it not be a series of presentations, but raise your (virtual) hand, engage, comment, engage in violent agreement, add or shorten, &c but: you will miss the tour!

Logistics

- Upload presentations to the agenda page
<https://eugridpma.org/agenda/55>
- you should have a login, or invite email
- For the benefit of those on-line-only, also connect to zoom (*without* audio please!), and share your screen when presenting/editing
