

Einstein Telescope Board of Scientific Representatives

Terms of Reference

Preamble

The objective of the Einstein Telescope (ET) is to build a large-scale research infrastructure that will be the next generation gravitational wave detector for further scientific research of the cosmos. The scientific part of the project has two coordinators overlooking the project developments and two project directors leading the project that is divided in several work packages with their own work package leader. This structure evolved from a steering committee of scientists that, over the years, coordinated international activities that led to the successful application of the project for the ESFRI roadmap.

After the ET was placed on the ESFRI Roadmap the involvement of national governments is growing more and more to help implement the project. An ET Board of Governmental Representatives (ET BGR) was formed as a platform to discuss and streamline the views and actions in the ministries and as a sounding board for the coordinators of the project.

The coordinators of the project formed a Board of Scientific Representatives (ET BSR). The ET BSR seeks as an interim entity and in consultation with the coordinators to bridge the present situation until in future a more formalized governing structure is realized. The ET BSR is representing the research organisations in countries potentially interested in joining the activities for setting up the Einstein Telescope. The ET BSR will advise on all aspects in this phase of the preparations of ET and the involvement of more countries in this project.

It is foreseen that in one or more steps a council might be set up including both governmental and scientific representatives. In that case the ET BSR is no longer necessary and will cease to exist.

Section 1: Scope and purpose

1. The Einstein Telescope Board of Scientific Representatives, hereafter referred to as the 'ET BSR', is established as strategic scientific forum to discuss and agree in consultation with the ET coordinators on the progress and process of realizing ET.
2. The ET BSR shall among others discuss, negotiate, and approve

 - Monitoring of the Infradev ET PP project
 - The full technical design of ET.
 - Proposal for a joint R&D programme for ET.
 - Exploration of the computing needs and data access and handling of ET.
 - Exploration of the societal and economic impact of ET.
 - Proposal for the scientific site selection criteria.
 - Input from scientific perspective for a site selection procedure.
 - Plan for outreach and engagement activities.
 - Cost and funding schemes including risk analyses.
 - A strategy for acquiring the (pre-)construction costs and the operational costs.
 - Input for an adequate governance and management structure for ET together that will be in place before the start of ET construction.
3. These Terms of Reference shall come into effect on the date of their adoption by the ET BSR.
4. The ET BSR and its rules are valid until they are replaced by other rules, or until the ET BSR terminates and any other interim or final ET governance boards, under the approved ET legal model, are set up.

Section 2: Membership

The composition of delegations shall be maintained and made available by the Secretariat.
3. The Chairperson may invite guests to attend the ET BSR as appropriate. At their request, a linking pin from the BGR will be allowed to participate in (part of) an ET BSR meeting.
4. Each participant of ET BSR meetings shall respect the confidentiality of the information provided during the meeting and the content of debates and decisions taken by the ET BSR.

Section 4: Chairperson/co-Chairs

1. The Chairperson and Vice-Chairperson (who will replace the Chairperson in case of absence) of the ET BSR are elected for a term of two years. A Chairperson or Vice-Chairperson can serve no more than two terms.
2. The first Chairpersons are the two coordinators of the ESFRI project. What is decided for the Chairperson also applies for the co-Chairs.
3. The present co-Chairs are considered elected according to this ToR from the date of its approval.
4. The role of the Chairperson is to manage ET BSR meetings and neutrally moderate the discussion.
5. The Chairperson shall convene ET BSR meetings, either on his/her own initiative or on a joint request from at least two countries, with a notice of at least three weeks.
6. The Chairperson has the same voting right as the other Members, meaning that if no other delegate of the country is present the chair may vote for his country.

Section 5: ET BSR Secretariat

1. The ET BSR Secretariat will be proposed by the Chairperson for confirmation by the ET BSR. Until the host country has been decided, this may be anyone the Chairperson deems appropriate.
2. The Secretariat shall assist the Chairperson of the ET BSR in convening the meetings, preparing the agenda and related materials for the meetings.
