

Simulation-based inference with Swyft

Monday, January 23, 2023

Lecture session: Basics - Motivation & Introduction to neural ratio estimation - B0.203 (1:00 PM - 2:15 PM)

Lecture session: Accuracy - Data summaries & validation - B0.203 (3:30 PM - 4:45 PM)

Tuesday, January 24, 2023

Lecture session: Precision 1 - Sequential inference, truncation & the typical set - B0.203 (9:00 AM - 10:30 AM)

Wednesday, January 25, 2023

Lecture session: Precision 2 - Network architectures, noise resampling - B0.203 (9:00 AM - 10:30 AM)
