Neutron stars 2 (2:10 PM - 3:10 PM)

time	[id] title	presenter
2:10 PM	[29] MATINS: a new 3D code for the magnetothermal evolution of isolated neutron stars	Dr ASCENZI, Stefano
2:30 PM	[16] The importance of neutron star oscillation modes in constraining the neutron star EoS and nuclear parameters from GW observations of binary and isolated neutron stars.	PRADHAN, Bikram Keshari
2:50 PM	[21] Tidal oscillations of neutron stars in eccentric binary systems	TAKÁTSY, János
