

Mechanical Technology

Nikhil

One
Thing

RF shield

- CNC is finished.
 - 8 Months of work
 - Lots of issues with the machine.
 - Issues with the renovation, no temperature stable building.
 - Bacteria in cooling liquids.
- We work in research, so we research and fix.

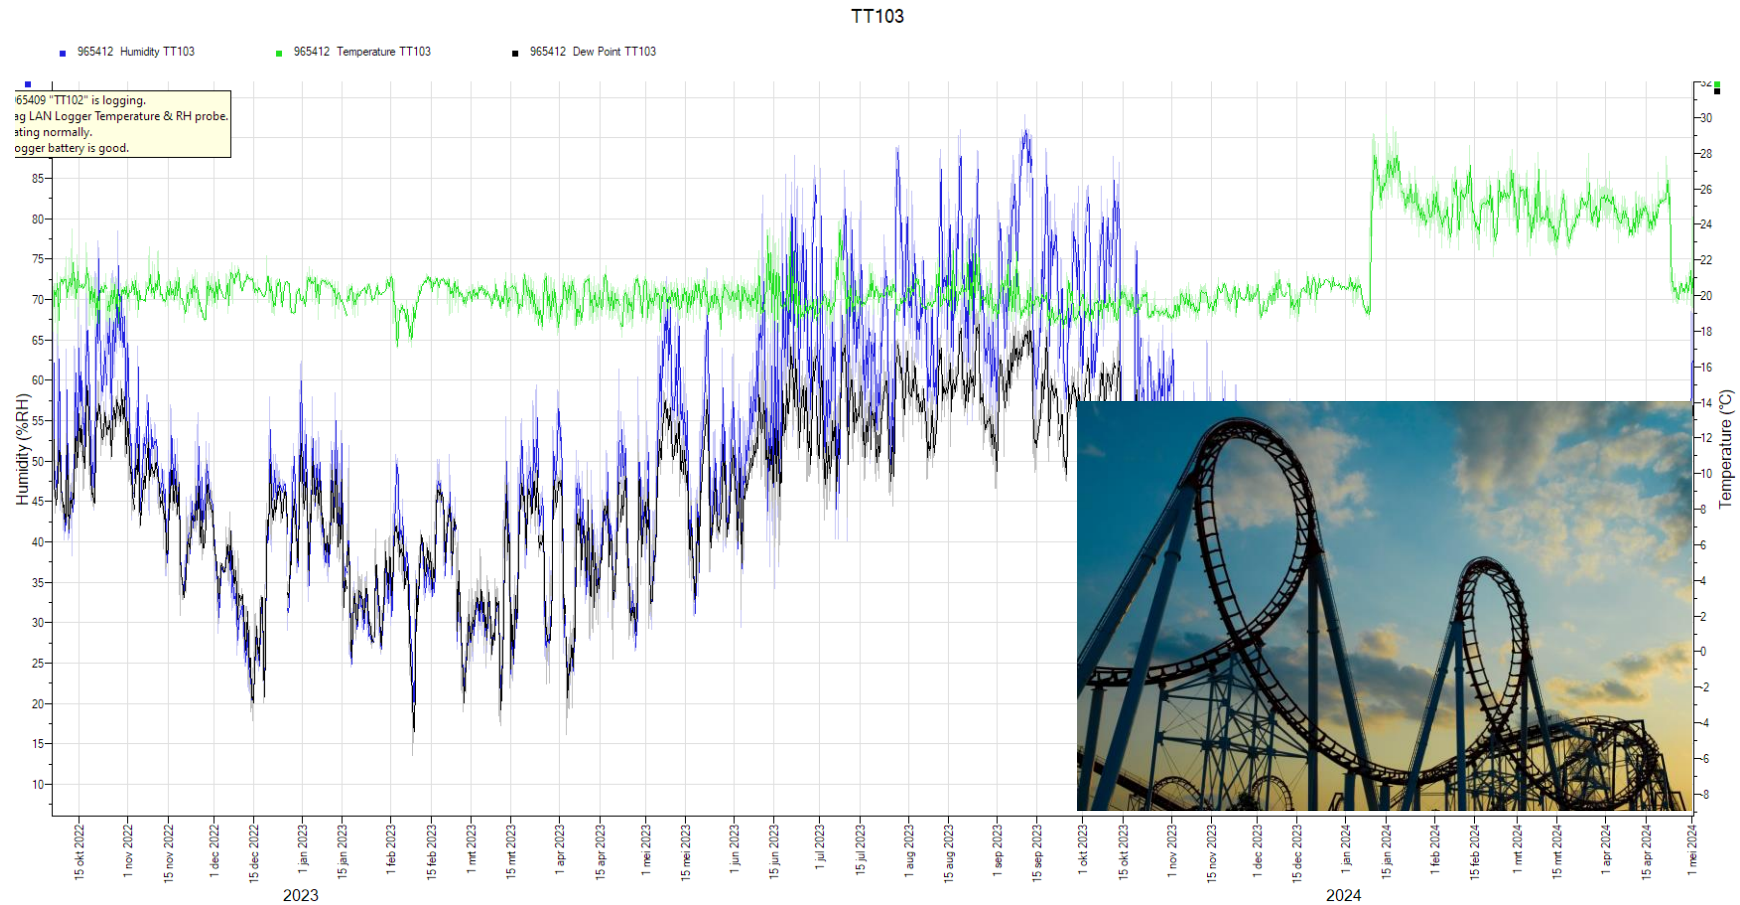

Last year I had 1 graph

And I know you like graphs

Graph 1: Temperature in H073 workshop

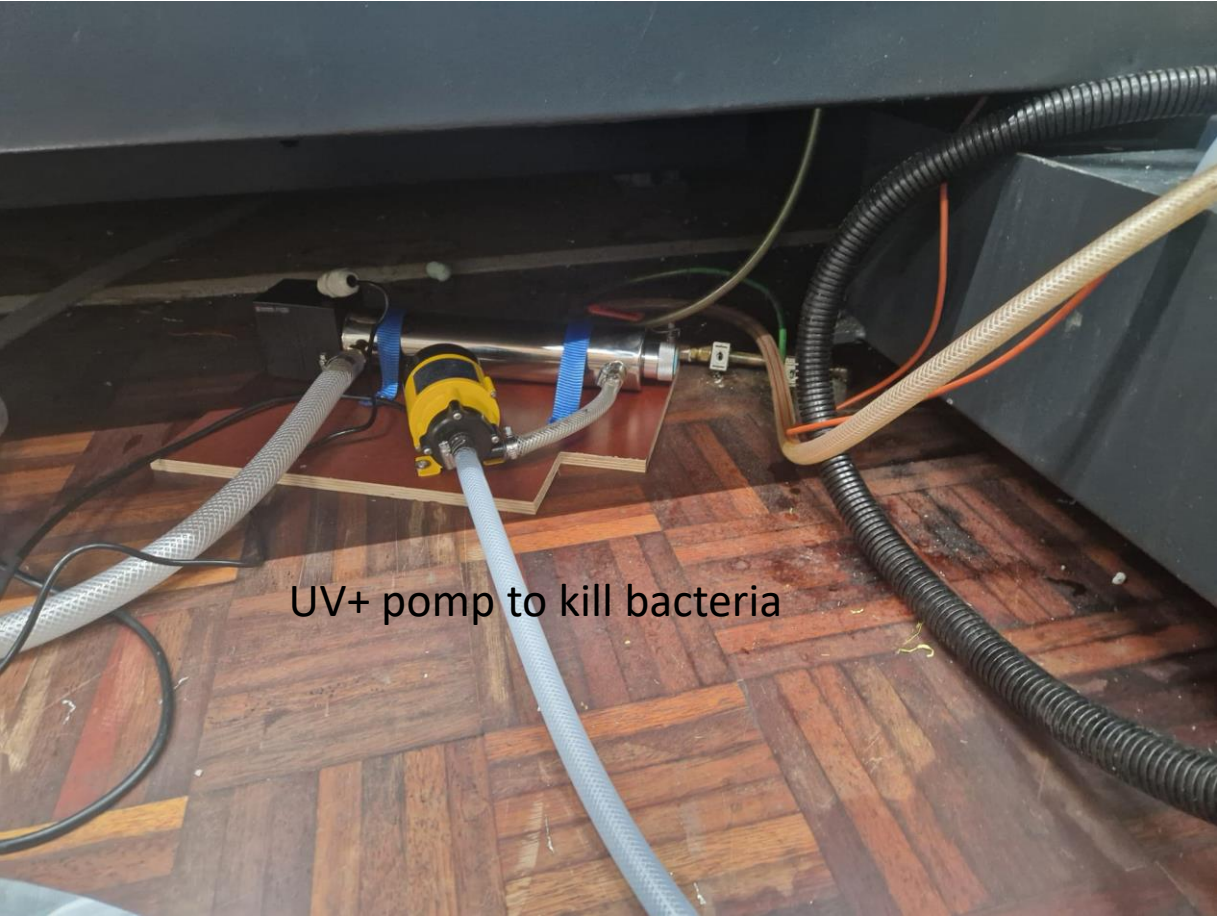

Graph 2: Temperature of DMF 260

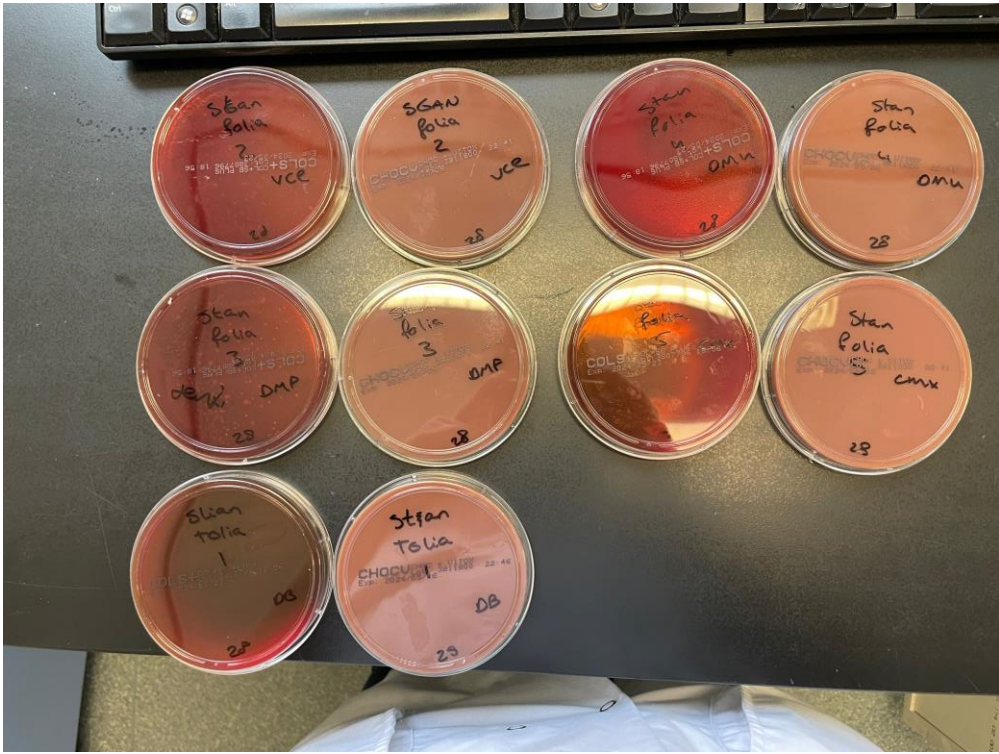

+

The farm smell

UV+ pomp to kill bacteria

Test samples of cooling liquid

That was my one thing

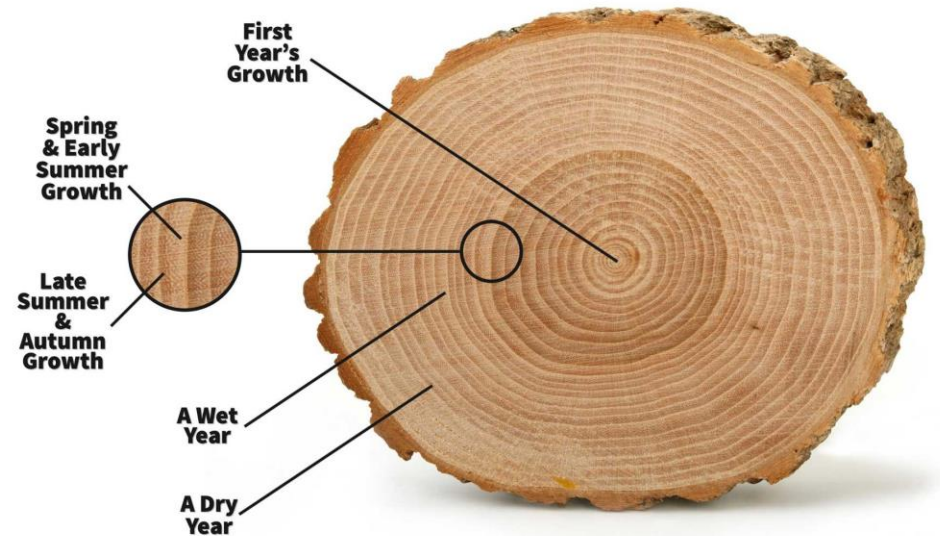

Or was it?

You old dinosaur!

Max life of found t-rex was 30 years

Apatosaurus and Diplodocus dinosaurs probably only lived for 70 or 80 years,

Me or me?
