Session 1: Physics cases for a next collider (10:55 - 12:15)

time	[id] title	presenter
10:55	[13] Introduction	WAALEWIJN, Wouter
11:00	[14] Standard Model Effective Field Theory and PDFs	ROJO, Juan
11:04	[15] Dark sectors	WESTHOFF, Susanne
11:08	[16] (high density) QCD studies	LEEUWEN, Marco van
11:12	[17] Flavour physics	PERREVOORT, Ann-Kathrin
11:16	[18] Higgs physics	FILTHAUT, Frank
11:20	[19] BSM searches	HAYES, Robin
11:24	[20] Connections between gravitational waves and future colliders	FREISE, Andreas
11:30	[21] Discussion on summarizing the physics cases	
11:50	[22] Discussion on prioritizing the physics cases
