How much do you know about LISA? Pick the option closest to your situation.

A

0

What's LISA? Never heard of it!

B

0

I know it has to do with space and gravitational waves...

C

0

I know a bit about a specific aspect

D

0

I know a lot about a specific aspect

E

0

LISA has no secrets for me, I know everything!!!

Two questions

Sticky notes

- What would you like to get from this day?
- What would be the best thing(s) that could happen for LISA in NL?
